

# INDUCTION PROGRAM FOR FRESHER

PERIOD (03.07.2023 TO 07.07.2023)

The Induction Programme is mandatory for all new students admitted to any college. Its purpose is to familiarize them with the faculty, culture, activities, curriculum, and other aspects of the institution, making them feel comfortable in the new environment. It also supports them in forming bonds with fellow students and connecting with others. For polytechnics, the duration of the Induction Programme is one week.

The activities included in the programme are physical activities, mentoring, familiarization with departments, creative arts and culture, literary activities, lectures by eminent individuals, visits to local areas, and participation in extracurricular activities.

At V. Ramakrishna Polytechnic College, the Induction Programme Policy was introduced during the academic year 2022-2023.
